

Strongly Recommended Attraction

Conwy Valley Railways Museum is being featured in a list of recommended attractions which has been put together by Darwin Escapes for holiday makers who are staying in their [Talacre Beach Holiday Home Park](#) near Prestatyn.

The holiday firm has listed our museum in their very selective list which indicates what it considers to be the top visitor attractions in the North Wales area ahead of the Easter season when the number of people coming to the area obviously increases.

Talacre Beach Holiday Park has been open for over 50 years, with the focus of the park being very much on family holidays. This is reflected in the on-site facilities which include an indoor heated swimming pool as well as family friendly activities and a children's club which is overseen by the groups very own mascot Charlie Bear.

Darwin Escapes has created a list which very much reflects this focus, with all of the attractions it has noted being very much oriented towards families. Conwy Valley Railway Museum & Model Shop is no exception, with our attraction having been a firm family favourite in the area since it first opened in the 1970s.

The miniature railway is now open everyday from 10.15am to 4pm and continues to be a popular attraction with our customers. We will warn our customers that the tram is still undergoing extensive repairs following the flooding that occurred on Boxing day.
